

Neurocritical Care Advanced Practice Nurse Positions Christiana Care Health System – Christiana Hospital

Christiana Hospital is recruiting for a Neurocritical Care Advanced Practice Nurse. The selected candidate will collaborate with the medical care team to perform direct medical management through utilization of approved protocols and procedures as well as appropriate medical consultation for neurocritical care patients. In addition to day, evening, and midnight shifts, there are week-end and holiday coverage obligations. This position requires a Masters degree in nursing with eligibility for APN licensure in Delaware as a Nurse Practitioner or Clinical Nurse Specialist. The candidate must have or be eligible to obtain prescriptive authority. At least 3 years experience as an RN in adult and/or pediatric neurosurgical/neurocritical care/trauma/surgical critical care or emergency nursing is required; critical care experience preferred.

Christiana Care Health System is a private, not-for-profit, tertiary-care hospital system located in Newark, DE. One of the largest hospital systems in the mid-Atlantic region and a Level I trauma center, Christiana Care admits more than 55,000 patients annually and is the site of more than 42,000 surgeries, 7,100 births and 160,000 emergency-department visits each year.
