***The Right Career
is Right Here!***

When you join Norwalk Hospital, you join a center of medical excellence recognized for its high quality patient care, commitment to education, and highly regarded clinical research.

TRAUMA PROGRAM MANAGER

We are seeking an RN or PA to be responsible for the administrative daily functioning of the Trauma Service, coordinating its multidisciplinary activities, integrating participating departments, maintaining compliance, tracking injuries/outcomes, and working clinically with the trauma team to assess and manage the trauma patient from time of injury through rehabilitation.

A Bachelor's degree in Health Care or related field and at least 5 years of demonstrated expertise in trauma care; a CT RN or PA license, and computer proficiency are required. Teaching experience, Certification in Emergency Nursing (CEN), Critical Care Nursing (CCRN) and Trauma Nursing (TNCC) are preferred.

Located on scenic Long Island Sound in desirable Fairfield County, Connecticut, Norwalk Hospital offers a convenient location easily accessible from major highways, competitive pay, and excellent benefits including childcare reimbursement, tuition assistance, commuter assistance, 403b with match and medical/dental.
