

Director of EMS, Trauma & Disaster

A 300 + bed Medical & Trauma Center in Colorado is conducting a search for a Director of EMS, Trauma & Disaster. My client desires someone with previous Director EMS experience, and should have knowledge of ICD-9, AIS, and RTS scoring. Ability to obtain Colorado RN license, BS, Masters preferred, TNCC and ACLS status desired.

The Director will participate as an active member of the leadership team in the Patient Care Division. This individual will direct the EMS, Trauma and Disaster/ Emergency preparedness programs continuing to meet all department requirements and documentation to maintain Trauma Center status and regulatory compliance. The Director will assist the Trauma medical Director with scheduling, planning, and conducting of all monthly QA, Education and business meetings for the Trauma Service. Additional responsibilities include assisting the Trauma Medical Director and EMS Medical Director with physician relations including credentials, scheduling & communication.

The Director will assume fiscal responsibility by demonstrating accountability for actions, and productivity.

The medical center is located near a large city that is known for cultural and year round recreational outdoor activities. Competitive compensation (relocation assistance) and benefits package. The medical center is part of a large healthcare system that likes to promote from within and they offer unlimited growth potential.
