

TRAUMA SERVICES COORDINATOR

Central Washington Hospital is the medical hub for North Central Washington – a not-for-profit, community-owned acute care hospital that serves as a major referral center for more than 200,000 people in four counties. Central Washington Hospital is located in the middle of the state of Washington 140 miles from Seattle and 180 miles from Spokane. Our 206 – bed hospital has the region’s only level II trauma center providing comprehensive cardiac care (including open heart surgery), 24 hour emergency trauma services.

Requirements for Trauma Services Coordinator: Licensed to practice as a Registered Nurse in the State of Washington or ability to obtain Washington licensure. BSN Required, Master’s Degree in Nursing, preferred. Minimum of three years experience in Trauma/Emergency Nursing or Trauma/Critical Care Nursing. Prior experience with trauma systems management desirable.

Central Washington Hospital offers an excellent work environment, recreational advantages, competitive salary and great benefits package.
