

Trauma Advanced Practice Nurse

The Christiana Hospital Trauma Program is recruiting for the position of Trauma Advanced Practice Nurse. The selected candidate will perform advanced nursing practice in the care of trauma patients which includes direct medical management through utilization of approved protocols and procedures as well as appropriate medical consultation. Will facilitate Trauma Program initiatives related to verification and designation as a Level 1 Trauma Center.

The candidate is required to assume on-call hours, week-end and holiday obligations. This position requires a Masters degree in nursing with eligibility for APN licensure in Delaware as a Nurse Practitioner or Clinical Nurse Specialist. The candidate must have or be eligible to obtain prescriptive authority.

At least 3 years experience as an RN in adult and/or pediatric trauma/surgical critical care or emergency nursing. Week-end and holiday coverage is every 5th weekend with an on-call requirement once a month during the week (part of the bi-weekly schedule).
