

BRACKENRIDGE HOSPITAL

DIRECTOR OF TRAUMA SERVICES

Brackenridge Hospital in Austin, Texas seeks an experienced Director of trauma services for this high volume, fast paced, 441 bed facility. Brackenridge, a Level II trauma center, is the only designated trauma center in the eleven county region and sees 2500 trauma patients annually. The successful candidate will have 5 years experience in a like trauma/emergency environment, three of which are in a management position, and is masters prepared. Experience with trauma registry, trauma services physicians and strong familiarity with ACS verification is required. The director will work with the local Texas Department of Health RAC, interface with the aeromedical programs and promote regional relations within Central Texas.

We offer a challenging, exciting opportunity in one of the busiest Level II trauma centers in the country. Enjoy the scenic beauty of central Texas and work at the premiere trauma center in the region.
