

The Medical Center of Aurora

TRAUMA SURGEON

Excellent opportunity in beautiful Colorado---
with 300-plus days of sunshine per year

Progressive and evolving Trauma Service seeks BC/BE Trauma Surgeon for employment position in expanding Trauma Program. A Level II Trauma Center, The Medical Center of Aurora offers stability and challenge in a private setting. Ideally situated on the eastern border of the Denver-metro area, we see approximately 1500 trauma admissions per year and are preparing for future growth. Our newly expanded and remodeled 350-plus bed facility incorporates state-of-the-art technology and forward thinking.

We enjoy excellent administrative support and comprehensive subspecialty services. In addition, opportunities exist for the development of an independent general surgery practice. We offer competitive salaries and an excellent benefits package. Colorado affords an exceptional lifestyle with friendly communities, endless recreational possibilities and picturesque landscape. Enjoy professional gratification and personal satisfaction all in one location.
