

TRAUMA SURGEON

[Click for Health Midwest website](#)

Associates in Care of Trauma, in Overland Park, Kansas, is seeking a board certified general surgeon who has additional training in trauma and critical care to staff its American College of Surgeons verified Level II Trauma Center. This is a rapidly growing Trauma Center, boasting a greater than 10% growth rate per year since it was established in 1995. Excellent leadership and communication skills a plus, as program directorship is a potential. Competitive salary, plus benefit package available.

Overland Park Regional Medical Center is a full service hospital, located in Johnson County, Kansas (the 8th most affluent county in the United States) and is listed in the top 10 hospitals in the nation for respiratory therapy. The metropolitan area of 1.8 million citizens offers a diverse economic base, multi cultural and recreational activities, excellent schools and beautiful residential areas.
