

**IMMANUEL ST. JOSEPH'S - MAYO HEALTH SYSTEM
GENERAL/TRAUMA SURGEONS**

click above for hospital website

A Mayo-owned, 1,400 employee, regional medical center, located in Mankato, MN, is seeking a General/Trauma Surgeon to work with two others in the further development of our trauma service and in securing Level II status. Candidates should be a BC/BE general surgeon with extensive experience in trauma and contemporary elective surgical procedures skills, willing to take trauma call, and perform elective general surgery. This employed position carries a competitive two year income guarantee, annual production-based salary thereafter, and a comprehensive benefits package.

The trauma surgery service is supported by a Trauma/General Surgery NP. The regional service area population is 280,000. ER is staffed by eight emergency physicians who are ABEM certified/eligible. Specialty support is excellent.

Mankato, MN, pop 60,000 within 5 miles, which is just 75 miles SSW of the Minneapolis-St. Paul metro area via 4-lane highway, has been ranked as one of the most livable small cities in the United States. As the major population center within a 12-county area, the amenities here support the entire region. We offer an outstanding quality of life; four-season recreational opportunities; a public school system which includes two National Schools of Excellence; three K-12 parochial schools; and three area colleges --one of which is home to the annual US Nobel Conference. Community has a very low crime rate and a safe and pleasant place to live and grow.
