

General And Trauma Surgeon

Texas Tech University Health Sciences Center Department of Surgery, in Lubbock, Texas, invites applications for the position of General and Trauma Surgeon. Texas Tech is the first state and ACS verified Level I Trauma Center in Texas with a trauma service area covering 24 counties. We are the only Level I Trauma Center between Dallas and Albuquerque, Oklahoma City and El Paso. Our catchment area population is approximately 1.9 million. A 10 bed Regional Burn Center and a progressive 24 bed SICU complement our Level I Trauma Center. An excellent infrastructure exists for clinical research and a very active clinical trials program is already in place. The Trauma Center has direct oversight of the area EMS and the paramedic training program through the School of Allied Health. Our hospital facility is progressive, financially sound and has small managed care penetration.

Lubbock is a major university city with a population of 200,00, enjoys a beautiful year-round climate, excellent schools and other quality of life attributes.

We are seeking an individual with experience and intense desire for superb patient care, education, and research. Qualified applicants must be board eligible/certified in general surgery and surgical critical care. Curriculum vitae's may be directed to:
