

TRAUMA REGISTRAR- BOARD CERTIFIED BRADENTON, FL

Blake Medical Center is a 383-bed acute care facility that's been named a nine-time "100 Top Hospital" and a "100 Top Cardiovascular Hospital" by Thompson Reuters, formerly known as Solucient. Our Centers of Excellence include: the Heart Institute, Joint Care Center, Spine Care Center and a certified primary Stroke Center. Our Chest Pain Center and our Cancer Program have been accredited by their respective specialties.

You will love working with us on our 13-acre tropical campus, just blocks from the beautiful Gulf of Mexico. We provide convenient, on-site daycare to accommodate working parents, a comprehensive Health & Wellness Program and an on-site Concierge Program to help our employees have a great work-life balance. Whatever your interests or pursuits, you will also find that the Bradenton area offers you an incredible quality of life.

We have a unique opportunity for a dedicated, experienced Trauma Registrar professional to be part of the development of a Level II Trauma Center at Blake Medical Center. In this position you will be responsible for accurately performing the hospital-based coding and injury scaling, and providing trauma-related data to the trauma service team. The position also monitors each trauma case through the continuum of care within the Hospital to identify cases, extract necessary information and report it for inclusion in the trauma registry database in an accurate and timely manner.

Required Job Qualifications include:

- Current licensure as an RN is preferred but not required.
- Board Certified in Trauma.
- Three-five years trauma registry activity preferred; other registry database or similar data entry experience preferred. ICD-9 CM coding, AIS/ISS coding/scoring, TRISS scoring, medical terminology and/or physiology and disease process education preferred.
- Working knowledge of trauma, medical terminology and anatomy required.
