The Society of Trauma Nurses offers the *Trauma Outcomes and Performance Improvement Course* to provide a better understanding and skills related to the performance improvement (PI) process in trauma care. The TOPIC course is taught to all members of the trauma system team who participate in the ongoing assessment, evaluation and improvement of trauma care. TOPIC focuses on the ongoing assessment of the continuum of trauma care with a structured review of process and trauma patient outcomes.

TOPIC is presented as an interactive format. This one-day course offers practical applications for all levels of trauma centers, from entry level to mature program.

Trauma Outcomes and Performance Improvement Course (TOPIC) is a registered trademark of the Society of Trauma Nurses.
